Sign & Display

Our range of wide format printers matches our knack for engineering and quality with your desire for impeccable performance and careless production. You can produce roll-to-roll indoor prints and long term outdoor signs.

Mutoh's cutting plotters are unprecedented: they are fast, strong and accurate, with a high usability. They can be used for kiss-cutting, contour cutting and cut through.

Indoor & Digital Transfer

Want to produce high quality graphics for indoor and short term outdoor use? The Mutoh printers for water-based inks print on all typical dye sublimation papers. Transfer is possible from pre-printed paper onto all kind of polyester substrates as well as objects. The machines also allow direct printing onto closed non-stretch polyester fabrics. Colours are bright and vibrant. Ask about the different possibilities.

Direct Textile

Both the direct-to-textile and the direct-to-garment printers are examples of our expertise and engineering: top performant, reliable and precise. The first will print directly on non-stretch: flags, textile gadgets, clothing, home decoration fabrics. Our garment printers are suited for sampling, shirts, canvas bags, ...

Specialty / Industrial

Top notch quality on roll and rigid media or 3D objects? Our LED UV wide format printers have been developed especially for specific applications such as one-off designs of products and their prototypes, outputs with a luxurious or specialty finish, interior decoration, signs, packaging, labels... With LED UV technology, it is possible to print on heat sensitive substrates. Our ink is unique because you do not need an air filter.

This is Mutoh

***Get more out
of tomorrow***

We strive to inspire each of our customers when it comes to the various possibilities of print. Convinced that inspiration will help professionals worldwide to get more out of tomorrow, in everything they do.

We at Mutoh understand what you need and want. Therefore, we give you the tools you need to achieve your goal, which makes us the perfect partner for ambitious people like you.

wide format printers for productive people

***4 fields,
1 reason***

4 fields, all for 1 reason: providing different markets with products that are customized to their specific activity. In doing so, they can convert every bit of inspiration into a real-life product.

65 YEARS OF INNOVATION

Founded in 1952 in Japan, Mutoh is renowned for its production of high quality wide format inkjet printers. We set the standard for quality, excellent customer service and local presence. In each of those aspects we put innovation first: we constantly strive to bring products that are faster, more reliable, more cost effective and more efficient than the previous ones.

CLOSER THAN YOU THINK

Mutoh is present across the EMEA territory. But most importantly: for you, we are always nearby. Over the years we have set up a network of distribution partners. Through our divisions in Belgium, Germany and Northern Europe we train certified Mutoh distributors for sales, installation and after-sales support. Your local reseller will assist you in always choosing the right solution for your application.

ANY WIDE FORMAT DIGITAL PRINT SOLUTION

The possibilities of digital wide format printing and sign cutting are endless. Mutoh offers a broad range of inkjet printers and sign cutting plotters for sign and display, specialty/industrial, digital transfer, direct textile and direct-to-garment applications. Think about outdoor posters, billboards, personalised promo gifts and so much more. Anything you need, we got it.

MEC MUTOH EXPERIENCE CENTER

At the Mutoh Experience Center in Belgium, all of our different products and applications are demonstrated. Not only can you see them in real life, but you can try them out and feel how they work. In short: you can truly experience them.

Make your appointment and experience it yourself.
