## **Mutoh ValueJet 426UF Wins ISA's Best New Product** *award announced at the International Sign Expo in Vegas*

**April, 2015 – Las Vegas** – Mutoh America, Inc., a leader in wide-format inkjet printers and cutters, has won ISA Sign Expo's Best New Product competition for the ValueJet 426UF UV-LED printer. The award was presented at the 2015 Sign Expo in Las Vegas.

Customers and industry professionals were able to vote for the Best New Product in the month's leading up to the ISA Sign Expo, and continued through April 10th. Only one product out of the entire show was named Best New Product.

"This is an incredible award," shares Brian Phipps, vice-president and general manager of Mutoh America, Inc. "There are so many great new products in the sign industry, so to win the Best New Product is quite an achievement. We always stand behind the quality and care that goes into our printers, and this award upholds that. We'd like to thank everyone who voted."

*Brian Phipps accepts the Best New Product Award*

The ValueJet 426UF is Mutoh's new UV-LED tabletop printer that prints on variety of different substrates, including 3D objects, up to 2.75 inches thick. The VJ 426UF allows you to print limitless promotional items including: pens, phone cases, golf balls, awards and much more. With up to six color print capability, including white and varnish ink, you can also print on colored objects or add texture.
