Professional performance at every level

Now every business can own an Epson large format printer. The new SureColor™ SC-T Series entry-level desktop and floor-standing printers makes creating large scale prints easy and affordable for any business of any size. Even for occasional users, PrecisionCore printhead technology means there's no loss of quality or detail through blocked printheads. The perfect cost-saving solution when bringing print production in-house for the first time.

Quality

PrecisionCore technology

Precisely controlled droplet shape and volume at a rate of up to 50,000 droplets per second means incredible detail and professional output quality at high speed.

Designed for accuracy and precision

Micro Piezo printheads deliver astounding accuracy in black text, colour graphics and images.

Innovation

Small footprint

Clean and compact design fits seamlessly into most environments. The SC-T3100 and SC-T5100 models have removable stands for desktop use. The sealed unit creates a flat surface for additional workspace.

Faster speed to first print

2.4 A1 pages per minute and no waiting in-between.

Print direct from devices

Wi-Fi printing via compatible devices and apps supporting Wi-Fi Direct, as well as Apple AirPrint™.

Peace of mind

NVT technology

Unique Nozzle Verification Technology (NVT) and dust prevention means no misprints, even with occasional use.

Total cost of ownership (TCO)

From purchase price to consumables and maintenance, the new SC-T series comes with permanent printheads design to last the lifetime of the unit. A range of ink cartridge sizes bring economies of scale.

Warranty

Standard onsite 12-month warranty plus optional CoverPlus onsite extended warranty available for 3, 4 or 5 years.
