## Product Highlights

- Easy-to-install vacuum table for the XPJ-461UF desktop UV printer
- The vacuum table is the ideal accessory to efficiently position, hold down and flatten out thin sheet substrates on the bed of the printer
- There is no loss in maximum compatible media thickness (70 mm) versus the standard print bed
- The vacuum can be set to four levels. The level is adjusted from the printer control panel
- Easy, clean mounting & exchange of substrates
- Ensures substrates are stable and flat
- Holds a wide variety of media without the need for extra tooling or tape
